Restoration Foods * P. O. Box 365 * Edgewater, MD 21037*

Who we are:

Sara Colhoun is a local organic farmer that realized that small family farms will not be enough to restore our local food system. Combining many years of market farming experience with several years of Food Systems research, this store has been designed to meet the needs of the Edgewater community while supporting a rapid increase in locally available foods.

Jobs will be created immediately for administration of the store, then procurement, sales and education as needed.
